

Hello Puppy Parents,

My goal for 4 Paws & Family is to give you a healthy puppy that will have a long happy, rich life with a great temperament. As your breeder I will give you support for the dog's entire lifetime. Our loving integrity is shown in the quality of puppies we breed, raise, and train.

We have partnered with the below companies because we feel confident in recommending them to our puppy families. We personally use all these products and have found them to be beneficial to our Golden Retrievers health and happiness.

**NuVet Labs** produces an immune system builder which is required as part of your puppy's health guarantee. A strong immune system will protect the puppy from environmental food toxins, back yard pesticides, hormones, germs from public places and even toxic formaldehyde in furniture and carpeting. This is not just a vitamin. It is an immune system builder with precise balance of vitamins, minerals, omega fatty acids, amino acids and high potency antioxidants. It works well through all three stages of the dog's life.

*We Recommend:* NuVet Plus K-9 Wafers

**Life's Abundance** is required as part of your puppy's health guarantee. The first years of life are when a puppy's body grows and develops. Quality nutrition is of the utmost importance during the entire course of a dog's life, but especially so in the first two years. Lack of proper care and nutrition can result in many health problems. We believe Life's Abundance food provide an optimal diet for our canine companions by giving them all the quality nutrients their bodies need to develop properly. By adding this stipulation to our health guarantee, we are ensuring that our puppies receive a high-quality diet of natural and wholesome nutrients that will promote good health now and in years to come.

*We Recommend:* starting with the Large Breed Puppy Healthy Start Kit.

**The Kuranda** dog bed, utilizing a cot-style, off-the-ground frame, provides firm, even orthopedic support and will keep your Golden Retriever warm from cold floors in the winter while providing the airflow needed to keep cool in the summer. In addition, the elevated frame promotes healthy joints, this is especially important with Golden Retrievers. Kuranda Beds combine a chew proof design proven to stand up to daily use. They are available in a tough, co-extruded PVC frame or their MOST durable option, the all-aluminum frame. There is no stuffing that harbors dirt and allergens and they clean super easily so no bacteria. 4 Paws & Family Golden Retrievers believe that our puppies deserve a comfortable place to sleep and relax that allows them safety, comfort and contentment for each stage of their life.

*We Recommend:* 44 x 27 X-Large Bed

**Baxter and Bella** is an outstanding online Puppy School. Whether you prefer to read or watch videos this class has you covered. As a Lifetime Member of this school, you will also have access to consultation time with Amy Jensen, the head trainer. 4 Paws & Family Golden Retrievers believe that this program offers the best of everything for our first-time puppy families, and anyone who wants a well-trained dog.

*We Recommend:* purchasing this before you pick up your puppy!

**Snuggle Puppy** is designed to provide comfort and helps relieve anxiety in your four-legged friend. Whatever the case, whether crate training, fireworks, or perhaps a thunderstorm, rest assured this dog anxiety solution will be there to help. Dogs are pack animals and are instinctively drawn to their mother and others in their pack. The snuggle puppy recreates that intimacy with physical warmth and a “real-feel” heartbeat. The

result is a calmer, more peaceful puppy – one that feels less loneliness, fear, and separation anxiety. 4 Paws & Family Golden Retrievers believe that this toy helps ease the transition from our home to yours!

*We Recommend:* that you purchase this directly from 4 Paws & Family Golden Retrievers prior to picking up your puppy. We will have the opportunity to make sure that the snuggle puppy has the scent of your puppy's mother and litter mates. This will help your puppy have a smoother adjustment to your home.

If you have any questions, please feel free to reach out to us as we want to always provide you and your puppy with the best support possible.

Thank you,

4 Paws & Family Golden Retrievers
